## **AutoCAD and Its Applications BASICS**

## **Exercise 1-3**

- Start AutoCAD. You should see the Create page of the Start Tab if AutoCAD
  has been activated.
- Pick the acad.dwt template from the Templates drop-down list in the Get Started section to start a new drawing.
- Pick the Workspace Switching button on the status bar and confirm that the Drafting & Annotation workspace is active. If it is not active, select the Drafting & Annotation option.
- Double-click the Application Menu button in the upper-left corner of the AutoCAD window to exit AutoCAD and pick No in the AutoCAD alert box if it appears.
- 5. Restart AutoCAD for the next exercise if you plan to continue working.
