Exercise 26-2

1. Record an action that draws a Ø.75 circle. Draw two lines through the center of the circle to create a bull’s-eye. The lines should be drawn from quadrant to quadrant.

2. Name the action BullsEye.

3. Enter a description for the action.

4. Test the action by picking Play in the Action Recorder panel on the Manage tab of the ribbon.

5. Where are the circle and lines created in the drawing?
