

## Exercise 19-2

1. Open the drawing EX18-1 created in Exercise 18-1. If you have not completed this exercise, do so now.
2. Render the scene once for each of the first three render presets (Low, Medium, and High). In the **Render** window, note the differences in rendering time and image quality.
3. If time allows, render the scene using the Coffee-Break Quality, Lunch Quality, and Overnight Quality presets. Note the differences in rendering time and image quality.
4. Save the drawing as EX19-2.

To continue practicing rendering, complete act19-02.dwg available on the companion website.
