

Exercise 6-1

1. Start AutoCAD if it is not already started.
2. Open a previous drawing that contains objects.
3. Use the mouse wheel to zoom in on a portion of the drawing.
4. Enlarge and reduce the drawing using **ZOOM Realtime**.
5. Select the **All** option to display the entire drawing.
6. Select the **Window** option and enlarge a portion of the drawing.
7. Select the **Window** option again and move in closer to a detail.
8. Select the **Extents** option to show only the drawing objects.
9. Close the drawing without saving changes.
10. Keep AutoCAD open for the next exercise, or exit AutoCAD if necessary.
