Exercise 10-2

1. Continue from Exercise 10-1 or start AutoCAD.

2. Start a new drawing from scratch or use a template of your choice. Save the drawing as EX10-2.

3. Use the **TEXT** command and control codes to type the following:

    45°

    1.375±.005

    ∅3.875

    79%

    UNDERSCORING TEXT

4. Resave and close the file.

5. Keep AutoCAD open for the next exercise, or exit AutoCAD if necessary.
