

Exercise 23-5

1. Continue from Exercise 23-4 or start AutoCAD.
2. Start a new drawing from scratch or use a template of your choice. Save the drawing as EX23-5.
3. Draw several closed objects of your own design. Experiment with applying unique gradient fills to each object.
4. Resave and close the file.
5. Keep AutoCAD open for the next exercise, or exit AutoCAD if necessary.
