Exercise 3-14

1. Continue from Exercise 3-13 or start AutoCAD.
2. Start a new drawing from scratch or use a template of your choice.
3. Use the **LINE** command to draw a group of objects similar to those shown on the left in Figure A.

![Window Polygon Selection A](image)

**Window Polygon Selection A**

4. Use window polygon selection, as shown on the left, to erase objects so that the remaining objects look as shown on the right in Figure A.
5. Redraw the objects previously erased, or use the **UNDO** command.
6. Use crossing polygon selection, as shown on the left in Figure B, to erase objects so that the remaining objects look as shown on the right in Figure B.

**Crossing Polygon Selection B**

(Continued on the next page)
7. Use the **LINE** command to draw an object similar to the object shown on the left in Figure C.

8. Use fence selection to erase items so the remaining objects look as shown on the right in Figure C.

9. Save the drawing as **EX3-14**.

10. Keep AutoCAD open for the next exercise, or exit AutoCAD if necessary.
