Exercise 3-4

1. Begin a new drawing based on the acad3D.dwt template.
2. Select the **NAVSWHEEL** command. Which wheel is displayed?
3. Move the cursor around the drawing area. Notice how the wheel follows the cursor.
4. Move the cursor over the wheel. Notice which tools are highlighted.
5. Right-click to display the shortcut menu.
6. Set a different wheel current. Make note of the tools available.
7. Right-click and display the third wheel. Make note of the tools available.
8. Pick the close button (X) in the upper-right corner of the wheel.
9. Display the steering wheel again. Which wheel is displayed?
10. Close the drawing without saving.
