

Exercise 17-5

1. Open the drawing EX17-1 created in Exercise 17-1.
2. Display a pictorial view, if one is not already displayed.
3. Create a new named view of the current view. Name the view Background.
4. Add a solid background in the color of your choice.
5. Render the scene.
6. Edit the view and change the background to a three-color gradient. Select shades of blue to represent a clear blue sky.
7. Render the scene again.
8. Edit the view and change the background to an image. Adjust the image as needed.
9. Render the scene again.
10. Save the drawing as EX17-5.
